Christian Duran: *Untitled*

The premise for local artist Christian Duran's new paintings at Ingalls might be too esoteric for some, delving into the process of osmosis and how it affects the artist's own [body](#). But more interesting here is the final product: the art piece as a beautiful object inspired from vascular anatomy and nature and, ultimately, a multi-hued plane of line, color, and space that has much to offer the eye. In the adjacent space at Ingalls, don't miss Ivan Toth Depena's [atmospheric](#) installation of light-infused canvases.
